Main Street workshop draws Bay participants

BY TRACI BONNEY

Downtown development continues to be a focus of energy for both business and government in Bay St. Louis as five local leaders prepare to attend a two-day Main Street Program workshop in New Orleans.

The program, known here as Main Street Mississippi, operates through the Mississippi Downtown Development Association in Jackson and assists participating cities and towns in revitalizing and restructuring their downtown development programs. Cities taking part in the Main Street Mississippi program are considered autonomous.

More than 50 cities in Louisiana, Arkansas and Mississippi will participate in the Main Street Program workshop, which is being held Sept. 10 and 11 at the Hyatt Regency Hotel. Conducted by the National

Main Street Center of Washington, D.C., the two-day session will give practical lessons in developing strategies to attract new business and help existing ones become stronger.

Bay St. Louis participants in the workshop are Michael Cuevas, special assistant to Mayor Edward Favre, and business people Susan Chamberlain, Nell Frisbie, Phil Lagrange and John Harris.

Cuevas, in a recent talk with members of the Bay St. Louis Business Association, said the goal of the Main Street Mississippi program is to provide a means by which a community can conduct activities addressing all aspects of business improvement, expansion, promotion and development within the framework of community self-help and management.

The National Main Street Center, which is part of the National Trust for Historic Preservation, has conducted similar workshops in Arizona, Indiana, Massachusetts and across the country.

Topics to be addressed include: what the community can do to help existing businesses continue to operate; who should be involved in recruiting businesses downtown; how the process of recruiting a chain store differs from that of recruiting an independently owned business; and how a community can fill large, vacant buildings controlled by out-of-town owners.

The guest speaker will be Ed Boettner, co-chairman of Historic Restoration, Inc., of New Orleans. He will discuss historic development in the city's warehouse districts.

Board, commission pave plans for high school entrance road

BY TRACI BONNEY

Hancock High School will have its entrance road —

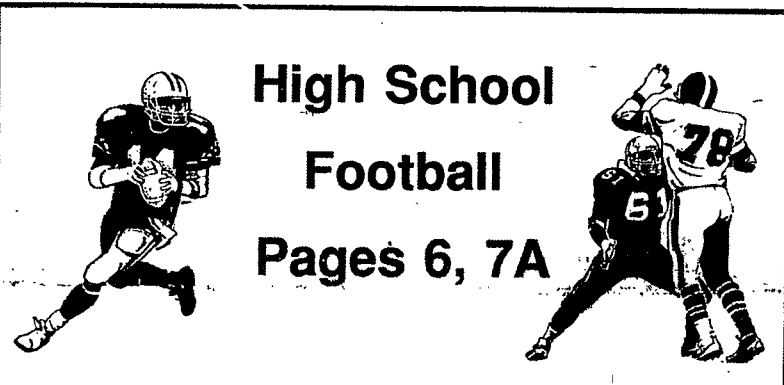

eventually.

The Hancock County Board of Supervisors and members of

the county's Port and Harbor Commission met Thursday in a workshop to discuss Road E, the road that will lead to the school bus entrance and student parking areas of the new junior/senior high school at Stennis Air Park.

The Port and Harbor Commission intends to construct the road, which will be used by buses and students with their own vehicles. After the road is constructed, the commission plans to leave its maintenance to the board of supervisors.

Weather watch

September has seen several dangerous hurricanes locally

BY JACQUI COCHRAN

The month of September is when the threat of a hurricane continues to linger in the air. 25

years ago today the gulf coast was glazed in the breath of Betsy.

It is during this time the

Hancock County Civil Defense Department is most concerned with informing the public on preparedness.

Bobby Boudin, Hancock County Civil Defense director, stresses the need for each family to take a few minutes to work out a plan of action before the occurrence of an emergency.

"Since Camille, evacuation is enforced by law. Either you leave willingly and seek shelter or you will be sheltered in jail," said Boudin.

"People sometimes drive north trying to avoid a hurricane," said Boudin, "which is extremely dangerous. Jammed roads, flash floods, tornadoes and lightning accompany a storm."

"Once a storm makes landfall, it heads north and you are still in its path."

"Go east or west, if you must run," said Boudin.

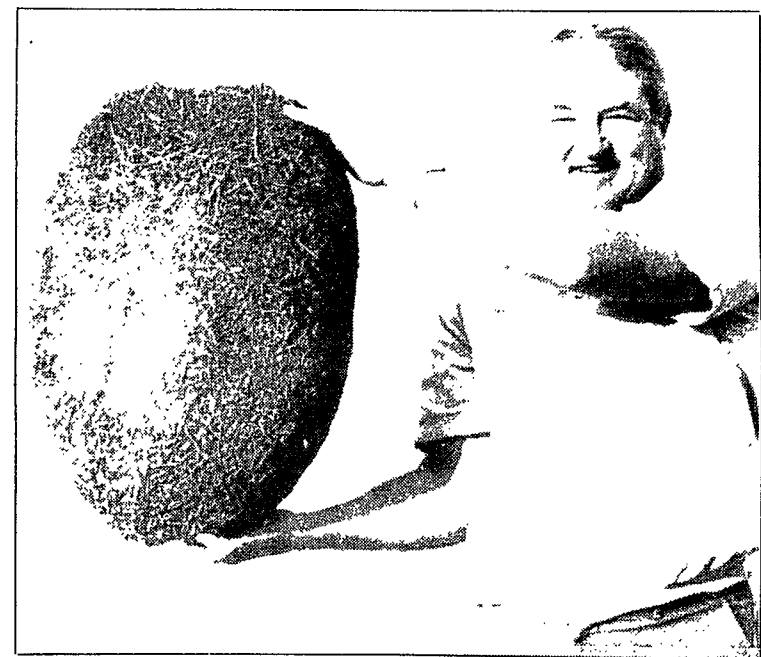

"Never go to New Orleans. It is too low there. Baton Rouge would be much safer."

Boudin spoke of the dangers of tornadoes in this area, in conjunction with tropical storms.

"In 1979," said Boudin, "some 25 houses were destroyed by a tornado which hit along Chapman Road in Garden Isle."

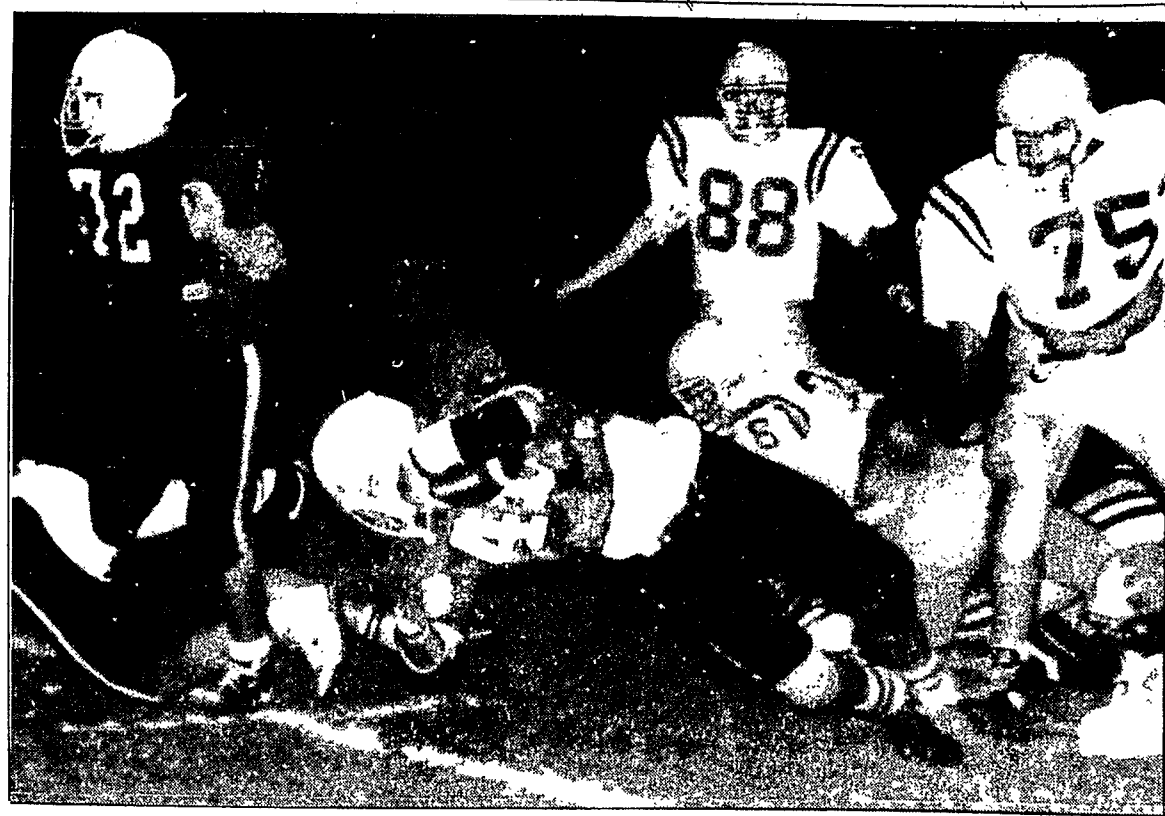

Boudin mentioned many people are not aware of the immediate danger a tornado warning implies.

Hurricane ball

Bay St. Louis resident Ames Kergosien holds a twenty-five-year-old "Hurricane Ball" from Hurricane Betsy. Today is the anniversary of the 1965 storm. The balls occur when hurricanes cross marshland with shallow waters. The beaches of Hancock County were covered with the balls of mud and grass after the 1947 storm and Betsy. Kergosien reported many folks cut the balls in half and made flower pots out of them. Several were even sold by local shops. Hurricane Betsy was the storm which caused so much damage to New Orleans. Determined runner

St. Stanislaus running back Tate Thrifley, (No. 40), stretches forward to the Tiger four behind the blocking of Freddie West, (No. 72), as Tigers Jeff Hoppood, (No. 75), Keith Corr, (No. 76), and Mike Scharp, (No. 88), combine to make the tackle. Thrifley scored on the next play, capping a 37 yard drive in which he ran with the ball four consecutive times. Thrifley ended the game with 12 carries for 92 yards and two touchdowns as the Rock-A-Chaws defeated cross town rivals Bay High School, 28-0. Friday football highlights and photos on Pages 6 & 7A. Necaise, Stiglet unchallenged

Hancock County District five school board members Lennette Necaise of Kiln and Coroner Norma Stiglet of Bay St. Louis are unopposed in the Nov. 6 general county election.

Stiglet was appointed earlier this year to the unexpired term of her late husband, Harold.

In the district five election commissioner's race, John D. "Big John" Rutherford Jr. of Bay St. Louis and Keith Hoda of Fenton have qualified to run.

Rutherford is a former Circuit Court clerk

and Hoda is a technician with Coast Electric Power Association who is seeking his first elective office.

Incumbent commissioner Betty Breaux of Bay St. Louis did not qualify for the election. Qualifying deadline was 5 p.m. Friday, September 7.

The winner of the election commissioner's race will run again in two years. Stiglet will run again in county elections next year, while Necaise will begin her second six-year term on the school board in January.

"System" gets a shot in the lines

Waveland to spend \$1.3 million on water improvements

BY JACQUI COCHRAN

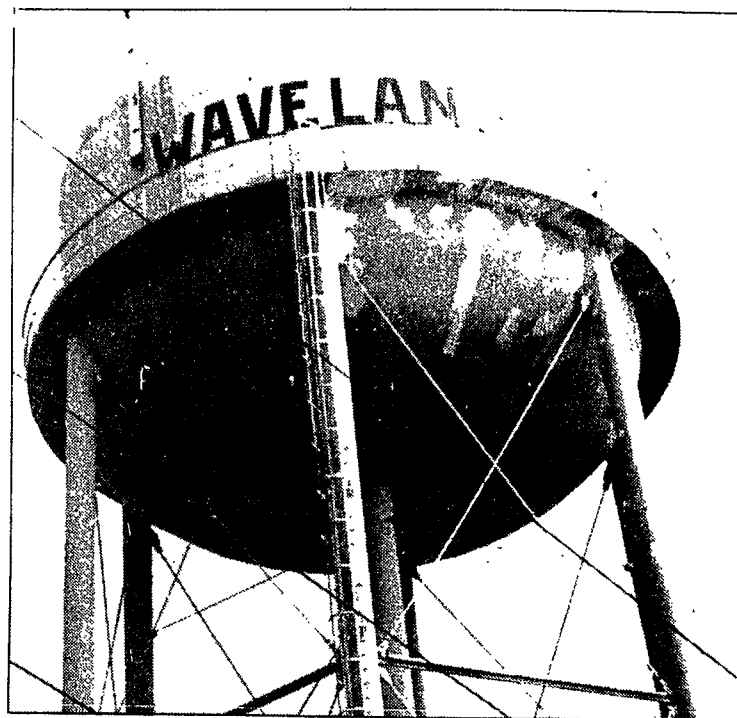

"Work is expected to begin in December," said Mayor John Longo Jr., of planned improvements, repairs and extensions to Waveland's water and sewerage lines.

"Eaton & Associates (engineering firm) are now looking over everything and should have an estimate of cost soon," said Longo.

The City of Waveland made a \$1.3 million dollar loan which they have earmarked for sale to the Farmers' Home Administration in the form of revenue bonds.

The "System" refers to the combined water, gas and sewer systems within the municipality.

Longo stated two sites are under consideration for the new water well. "Once the engineer's report is completed, a decision will be made."

Waveland contests '90 census figure

BY JACQUI COCHRAN

Mayor John Longo Jr. is searching for 2,000 to 3,000 more people in Waveland.

According to the 1990 census, Waveland has a population of 5,230 people.

Longo estimates the population to be around 8,000 and has sent Ray Eaton, Waveland's engineering consultant, out to look for them.

"He (Eaton) will check with the post office and the utility companies first," said Longo.

"And then, if we're still not satisfied, we will go from house to house."

Longo explained, "So many programs today, federal and state, are based on population."

"This happened last time," reported Longo, "and we found almost an additional thousand people."

Waveland filed a formal objection and hopes to have an improved count in by September 15.

Waveland spruces up water towers

Residents of Waveland will be experiencing lower water pressure while work to clean and paint towers continues. Mayor John Longo Jr. said, "It is required by law to clean and 'Teflon' the inside of the tanks every five years. Of course, we paint the outsides too." (Photo by Jacqui Cochran).

Weather

Continued from Page 1A

He said, "A warning means one or more have been sited. And I don't mean some someone just calls in on the phone saying they saw a tornado. It is verified."

In the event of a tornado warning, shelter should be sought just as during a hurricane warning, preparations should be made immediately for possible evacuation.

Boudin claims Hancock County has enough shelters for its entire population. All are on high ground and sturdy enough to withstand violent winds.

With the opening of the schools, Boudin spends time instructing the children on the importance of a safety plan at home.

During a disaster, when tele-

phone lines may be down or too busy to get through, parents are advised to know who will pick up the children and determine a meeting place.

Boudin mentioned the necessity of selecting a designated spot to meet outside of the home in case of a fire. "I have seen parents run back into a burning house, thinking a child was still inside, when all along the child had escaped through another side of the house and was waiting there."

"If people would turn off that television for ten minutes," said Boudin, "and communicate, a life or two might be saved."

Clarification

In a Sept. 2 article about the recent Advanced Solid Rocket Motor (ASRM) meetings, ASRM Project Manager Lon Miller is indirectly quoted as saying that the State Board of Pollution Control will hold a public meeting in Jackson about the ASRM this fall. The quote should have stated that the board, which is in Jackson, will hold a public hearing on the Gulf Coast. The *Sea Coast Echo* regrets the error.

Critical hurricane period is at hand

How many storms are left for the 1990 hurricane season? No one knows for sure, but it may be that the worst is yet to come.

While hurricane season runs from June through November, historical data show that nearly 90 percent of the hurricanes striking the United States in this century made landfall between August and November.

Last year, the Atlantic hurricane season produced seven hurricanes, all of which occurred during the critical August-November period.

Hurricane Hugo, the most costly hurricane in history, began as a cluster of thunderstorms off the coast of Africa and attained hurricane status in the tropical Atlantic Ocean on Sept. 13.

Hugo's path of devastation took it across the Leeward Islands, the Virgin Islands, Puerto Rico and South and North Carolina.

Hurricane Hugo made its final landfall on the South Carolina coast on Sept. 21 with surface winds of 140 mph. Total damage estimates from Hugo are as high as \$10 billion.

ERA Bayshore donates funds for Muscular Dystrophy

ERA Bayshore Realty raised more than \$300 in 1990 for the Muscular Dystrophy Association (MDA) as part of a nationwide fund-raising effort by Electronic Realty Associates Inc. (ERA), according to Herb Dubuison, president of ERA Bayshore Realty Corp.

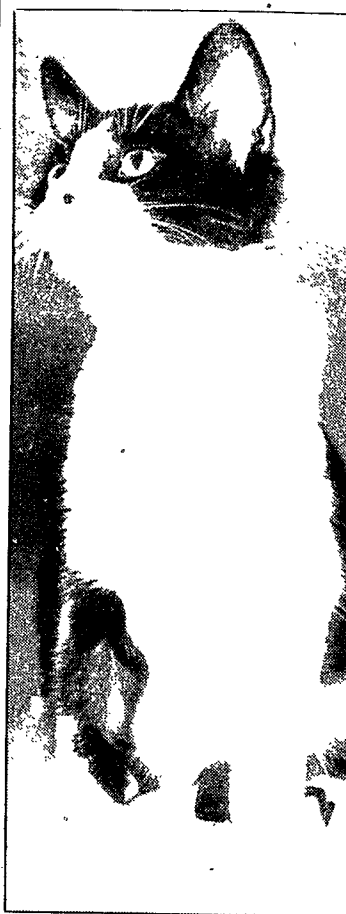

Nationally, ERA Real Estate member brokers and sales associates raised \$1.3 million, Dubuison said.

A check for that amount was presented to Jerry Lewis during the MDA Labor Day Telethon Sept. 4 in Hollywood by Thomas E. Schmitt, president of the ERA Real Estate Network Division and a national vice president of MDA.

Since ERA Real Estate became the sole corporate sponsor of MDA from the real estate industry in 1988, the franchise organization has raised more than \$11 million to help fight neuromuscular disorders.

Locally, fund-raising activi-

ties for ERA Bayshore Realty included door to door collections, he said.

Board president Ronald Cuevas expressed the board's gratitude for the assistance of the commission.

"We promised we would make that road for them, and we had every intention of doing it," he said. "We have the funds available; we just can't use them."

Cuevas explained that the money earmarked for construction of Road E was in the general county fund. When auditors

pointed out earlier this year that general county funds could not be used for road maintenance and repair, the county's plans for Road E were halted.

The Port and Harbor Commission officials present at the supervisors' workshop said the commission will take the necessary steps at their Monday meeting to start the process of obtaining contractors' bids for construction of the road.

SEPTEMBER 7, 1980

—Calvin Smith, a Bay St. Louis resident, appeared before the Bay Council Tuesday night inquiring about policies on hiring and firing of city employees. Smith questioned the council about the policies, but he was informed responsibility of hiring and firing rests with the mayor with the exception of the city clerk and his assistant.

—Another effort to secure reapportionment of Hancock County's supervisory districts was initiated last week. Four voters and taxpayers in Beat 5 filed suit against the board of supervisors in U.S. District Court at Biloxi asking that the present districting be voided, an injunction issued commanding the defendants to submit a redistricting plan in conformity with legal standards for the court's approval, and apportionment of the county by the court if the supervisors fail to conform. The plaintiffs are Dr. A. K. Martinolich, Powell Glass Jr., Mrs. Carol Martinolich and Mrs. Joan deSardon Glass.

—Selective service regulations have been amended to read that any non-volunteer registrant between the ages of 19 and 26 who marries after Aug. 26, 1965 and is not deferred shall be placed in the third order of selection. This means he will be ordered to report for induction along with single registrants of similar age.

—Bay St. Louis, Waveland and surrounding community was extremely well populated for the Labor Day weekend with throngs from New Orleans and vicinity renting cottages and occupying every available space possible, and picnickers and campers enjoying the beaches and wooded sections. Over the highways was seen one of the greatest displays of automobile traffic with parties traveling to and from the many bathing beaches along the coast and fortunately, there was no record of serious mishap to mar the pleasure of the holiday.

—Henry Ford, the automobile manufacturer, has launched a campaign against cigarettes and has enlisted the aid of his colleague, Thomas A. Edison. Their aim is to prohibit the manufacture and sale of cigarettes. If this mania for prohibiting one thing and another continues it may get beyond the control of even the Fords and the Edisons. Some chap, looking around for something to reform, perhaps will discover the frightful things for which the automobile, for instance, is directly to blame. Astonished by his discoveries he will set about to organize an Anti-Automobile Association. Thousands will flock to his stand. Then they will elect a man to the legislature, and that man will introduce a bill to prohibit the manufacture, sale and use of the automobile, etc.

—"The White Line Substituted"—For the business convenience of the carriage drivers and the comfort of the traveling public, we gladly note a substitution of the late "white line" in the way of a piece of lumber a few inches wide imbedded in the gravel fill the length of the depot frontage. This is the means of avoiding much inconvenience, and we feel safe today the drivers of public conveniences have a preference for this rather as it affords one and all an equal share of patronage. The old way of mobbing a passenger, as yet practiced in some of the other Sea Coast towns is barbarous, and the progressiveness of Bay St. Louis is indeed commendable.

"QUOTABLE QUOTES"

By Ellis C. Cuevas

One night last week I was asked by Heide Hitt if I knew as to whatever happened to the noon whistle in Bay St. Louis.

As far as I can recall it was atop the water tower on Ulman Avenue next to the old Bay High School and was handled by the Bay Fire Department.

Hitt said she that when she was young, she would know when it was time to go home for lunch.

Whistles played an important role in the lives of many people of the Bay-Waveland area.

Many can recall the 6 a.m. whistle at the canning factory which was located at the site of the Bay-Waveland Yacht Club.

The whistles of clocks were also used by many folks to keep up with the time of day.

Nowdays clocks are so plentiful compared to years ago when a family may have had only one clock in a home.

Just for the sake of it, count the number of clocks you have on the walls of your home, in your ovens and radios, not to mention the number of watches you have.

I think the noon whistle like many other things are of the past for Bay St. Louis, and I doubt if one will ever be revived, then again who knows.

Biggest S&L mistakes in Washington

The \$500 billion question these days is who is to blame for the Savings and Loan disaster. But the truth of the matter is there probably is plenty of guilt to go around.

While Neil Bush has brought public attention to the thrift crisis, I agree with the Washington Post editorial that says the biggest mistakes were made not in Denver but in Washington.

In the nine years prior to my election, hundreds of savings and loans ran into trouble after Congress failed to stand up to an immensely popular president and realize the ramifications of weakening S&L controls and regulations.

Ultimately, Congress accepted recommendations that more than doubled the federal government's liability in event of a failure of a bank. In a midnight session conducted on Oct. 1, 1982, Congress increased the federal insurance limits on deposits from \$40,000 to \$100,000.

From 1980 through 1989, over 1,000 FDIC insured banks failed, leaving American men, women and children to hold the bag. The United States Government is now the single largest operator of savings and loans and it is estimated that the cost of salvaging the system could exceed \$500 billion in the next 40 years.

It's unfair to hand that kind

of bill to the American taxpayers.

I didn't create this mess, but I see it as my job to straighten it out. As public outrage grows over the cost of the thrift bailout, Congress should focus more attention on the S&L cleanup rather than rallying around the issue like street fighters.

I absolutely believe we should vigorously investigate and prosecute the greed S&L crooks—although fraud has only been part of the problem. Also, I think we need to hold S&L violators accountable to the taxpayers so that the nation can recover money looted from the public's coffers.

I recently voted to support legislation that strengthens criminal penalties for crimes involving savings and loan institutions and authorized additional funds for investigations, prosecution and civil actions of S&L offenders.

The legislation also established a commission to study the causes of the saving and loan crises and makes recommendations.

I hope that for the remainder of the 101st Congress, the President and the Congress will stop playing games with the American people and take steps to clean up its financial mess.

State's corporate income taxes falling short

More people are talking about Mississippi than we have seen in nearly a decade. Economic activity is also at an all time high and Mississippi's future looks brighter than ever.

Even though our state is prepared for a prosperous decade, for the past several months, Mississippi's corporate income tax collections have fallen short of expectations.

And because of that, unless we do something, there won't be enough money to fund our state government.

As a result of the continuing shortfalls, and in order to prevent cuts in the future, we are taking a second look at certain agencies' budgets. The hope is, if we act now, we might spare ourselves more drastic problems in the months ahead.

Budget cuts are never easy for the agencies affected. Our mission is to find a way to reduce spending without seriously affecting services to Mississippians or causing anyone to lose their jobs.

I order to minimize the effect of any future budget reductions, I have asked those agencies under the Governor's branch to slow their rate of spending, immediately, by five percent. I am also calling on other state agencies to follow the same instructions.

By catching this early on, state government should be able to absorb the crunch we find ourselves in at the present time.

One thing to remember, the reason for taking this course of action is to make sure the services that Mississippians deserve are not interrupted. It's much easier for agencies to absorb reductions earlier in the year, than wait to the last minute.

We are hopeful that corporate tax collections return to our earlier estimates. If that doesn't happen, additional actions will have to be taken. Unlike the federal budget, Mississippi, by law, is not allowed to operate on a deficit.

Mississippi's process for developing a budget has already begun. Once again, we are seeing the same process take place as we've seen in the past. We are overwhelmed with agency requests that far exceed our available resources. Once again, the Legislature and the Executive Branch must make difficult decisions as we look at all agencies' "wish lists."

One thing is clear. The budget process is flawed. It is clear that priorities are sometimes sacrificed because, every year, we deal with each agency's budget on a piecemeal basis.

What we need to do is view the government budget as a whole, and not as hundreds of budgets, all needing more money, all competing for a bigger slice of the pie.

We also need to prioritize our spending.

I believe that the current situation provides us with an excellent opportunity to consider revisions in the budget process. We need to run state government in a sensible, workable way.

In January, we will not only have to deal with the current revenue shortfall, we will also be faced with funding the BEST program.

BEST must be funded, for it is only when we have a fully educated workforce, only when we have an economy that includes everyone, that we can build a state government that can afford all its needs. That result can be achieved if the budget process itself provides the means to make difficult choices.

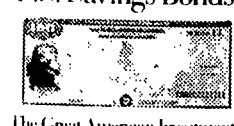

Education in Mississippi's number one priority. It is our ticket to tomorrow. By making education the first program that we fund, we will ensure a brighter, better, practical and more prosperous future for all Mississippians.

Longo seeks 6th term as Waveland mayor

John Longo Jr. announces his bid for reelection as Democratic candidate for Mayor of Waveland. He has served three terms as alderman and is now serving his fifth term as mayor.

The mayor said, "The first thing I want to do is thank the people of Waveland for allowing me to represent them for the past 28 years in the best and fastest-growing city in the state."

John and his wife Jean, both graduates of Loyola University, are the parents of six children and grandparents of five.

He is a member of St. Clare Parish where he has served on the Parish Council, the school board and as president of the Home-School Association. He has been included in the Mississippi Oral History Program at USM.

He is a member of American Legion Post 77 and the Waveland Civic Association. Longo is chairman of the board of the Waveland Regional Wastewater Management District and serves on the Animal Control Board.

In the past, Longo has served

with the Volunteer Fire Department, as a sheriff's deputy, as Civil Defense director, with the Boy Scouts of America and as

JOHN LONGO

president of Southern Frosted Foods Inc., among many other voluntary services.

The mayor said, "I want no tax increases. I support competitive utility rates, free garbage collection and continued orderly growth on a 'pay as you go' basis."

"Without raising taxes, we helped develop Buccaneer Park, constructed all new utility systems, water, gas and sewerage, designed and built new fire and police stations, a new library, a culture and civic center, improved parks and playgrounds and built a new public fishing pier, improved streets and drainage and more."

Longo has worked to improve the environment since the early 1970's when EPA and Air and Water Pollution Control were in their infancy.

He also authored the Fisherman's Aid Bill in 1984 and the Wastewater Bill that Waveland and other entities operate under. The Waveland Regional Wastewater Management District serves as a model facility. Longo concluded, "I am proud

to have been in public service for 45 years, 28 of those in Waveland politics. In those 28

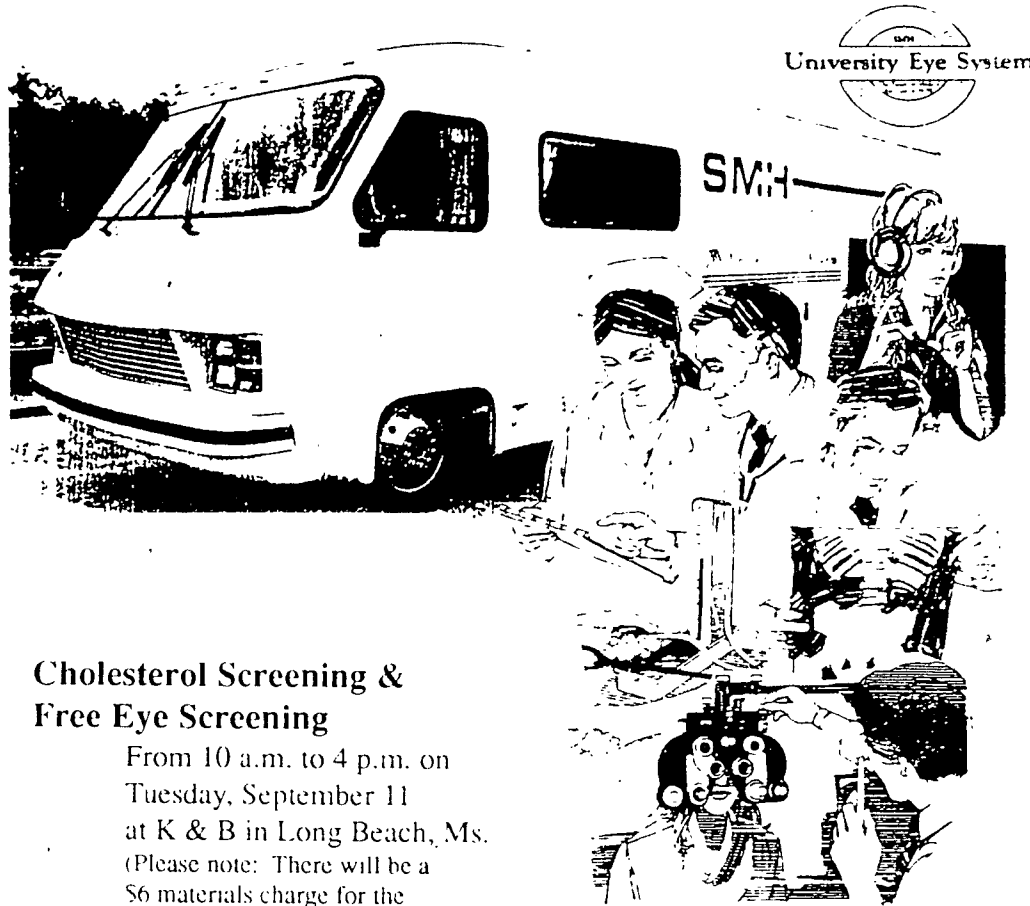

years, I have never missed a city board meeting and every penny has been accounted for."

Ruhr seeks Alderman's post, held by father, grandfather

William H. (Horace) Ruhr has announced his candidacy for Waveland Alderman, Ward One in the November 6 Democratic Primary.

WILLIAM H. RUHR

Ruhr is a Waveland native, a graduate of Waveland Elementary and Bay High schools and is married to the former Alma Sick of Bay St. Louis.

He is the son of the late Mr. and Mrs. William A. Ruhr and grandson of the late Mr. and Mrs. William H. Ruhr of Waveland.

He recently retired from the Veterans Administration in Biloxi with 36 years of service.

"I have resided at my Nicholson Avenue residence all of my life, and I know of many of the problems of the ward and city of Waveland. I feel my knowledge and experiences give me the ability to help Waveland's continued progress into the 21st century," Ruhr said.

Ruhr added, "My father and my grandfather both served as Aldermen of Ward One, Waveland. As a matter of fact, my grandfather planted the oak trees of which some still line Nicholson Avenue from the beach to the railroad when he

served Waveland as alderman and street commissioner."

"Since I am retired, I will have the time available to devote to the position of Alderman necessary to perform all tasks necessary," Ruhr said.

Ruhr is past commander of the Clement R. Bontemps American Legion Post No. 139 of Bay St. Louis and has been an active member for 39 years. He is a member of the post's executive committee, a position he has held for more than 20 years. He is also a member of the Veterans of Foreign Wars Post 3253, Bay St. Louis.

As a United States Marine sergeant, Ruhr saw action in World War II. He was a member of the invasion forces at Guam and Iwo-Jima.

He was also called to duty during the Korean Conflict.

Among the many citations he received as a Marine are a Purple Heart, Presidential Unit Citation, Navy Unit Citation and Asiatic/Pacific Medal.

Fleuriet announces candidacy for Waveland Ward 2 alderman

Waveland businessman Jay Fleuriet, 37, announces his candidacy for the position of Ward Two Alderman.

Owner of Alarm Protection Services, Fleuriet is an agent for A+ Communications and Cellular South Telephones. He recently formed Recovery Workshops Inc., which specializes in the training of mental health counselors.

He has been extensively involved in community service and serves as president-elect of Bay St. Louis Rotary Club, where he is also a director; chairman of the local board of Federal Emergency Management Agency; and disaster shelter manager for American Red Cross in Waveland.

He is a past member of the Democratic Executive Committee in Waveland and is a member of the Hancock County Chamber of Commerce, the Hancock County Community Services Planning Council and the Exchange Club of Hancock County.

Fleuriet is a charter member of the Bay-Waveland Jaycees and is a Mississippi SWEETS team leader in Hancock County. He is past cub scout master, Troop 212, Boy Scouts of America, and is a member of the Hancock County Historical Society.

A member of St. Clare Catholic Church parish, he is president of the St. Clare conference St. Vincent de Paul Society and serves as a lector and commentator. He has been

active in the Cursillo Movement and is a third degree Knight of Columbus, Pere le Duc Council 1522, where he is community

JAY FLEURIET

director.

Fleuriet has been named to "Who's Who in the South and Southwest" and "Who's Who of Emerging Leaders."

He is a private pilot and is a member of the Gulf Coast Fly Fishing Club and the International Game Fish Association.

He and his wife, Rachael, have two children, Sarah and Peter.

"If elected your alderman, you can expect the best in personal communication between you and city hall. I will make sure your voice is heard in city government."

"I have been successful in securing public grants and will continue working to pursue grant money for our city."

"I want to be your alderman—a position where I can make a difference for you," he said.

Hawk running back Bobby Doyle (No. 30), leaps over fallen defenders as David King (No. 60), clears way for a 37 yard touchdown in first quarter action Friday night at Hawk Stadium. Hancock went on to win by a score of 10-6 and remain undefeated for the season. (Photo by Keepsake Photography).

Hawks beat PRC Blue Devils 40-6

Special to the Echo

BY BELINDA LILES

The Hancock Hawks took a victory over the Pearl River Central Blue Devils. Friday night with an overwhelming margin of 40-6.

After the game, Coach Irvin said, "The boys played hard all night. They caught the ball sleeping, so they were able to take an early lead by using their speed and keeping them mixed up by moving the ball inside and out."

The Hawks began the night with a touchback, as Terrance Goff kicked the ball into the end zone.

Pearl River made one first down and the Hawks defense stifled forcing Devil's punter Ronald Gambino to kick from his own 32.

Pressure from the Hawk's defense made Gambino hasten his punt resulting in a 17 yard kick.

The Hawks gained possession of the ball on the Pearl River 46 yard line. An offside penalty against the Devils moved the ball down to the 41.

Hawks running back Goff took the heat on for the Devils as he scampered 41 yards for the first touchdown of the night.

Gabe Lumpkin added a PAT and the score stood at 7-0.

Pearl River's turn at offense play was short lived as Devil's quarterback, Bobby Thaxton's tries at passing were unsuccessful, forcing them to punt on fourth and ten.

Again Hancock took over the field in Pearl River territory as the ball was covered on the 45.

Two plays later found half back Bobby Doyle breaking through for a 37 yard touchdown and the PAT was added making the score 14-0 with 6:35 left in the first quarter.

The Devil's next possession was them converting on a first and two as Perry Landrum, Devil's running back, managed to find a small open-

ing in the Hawk's defense. But with good defensive effort from the likes of Jonathan Fletcher and Jody Ladner, the Hawks were able to take over on downs, with the ball resting at the Hawks 45 yard line.

After a clipping penalty against the Hawks, the ball was moved back to the 39 yard line, quarterback Regan Ladner teamed up with Goff for a 61 yard touchdown strike.

The PAT was no good, making the score 20-0 with 44 seconds left in the first quarter.

Moving on to the 3:50 mark on the clock in the second quarter, with the Hawks having the ball on the Devil's 10 yard line, Ladner handed off to Goff and he swept left end and scored his third touchdown of the evening. The Hawks led the Devils 26-0.

Following the Hawks kickoff, the Devil's had the ball on the 22 yard line when defensive back, Dennis Malley steals a pitch intended for Brian Lewis of Pearl River and runs it in for a Hawk score. The PAT by

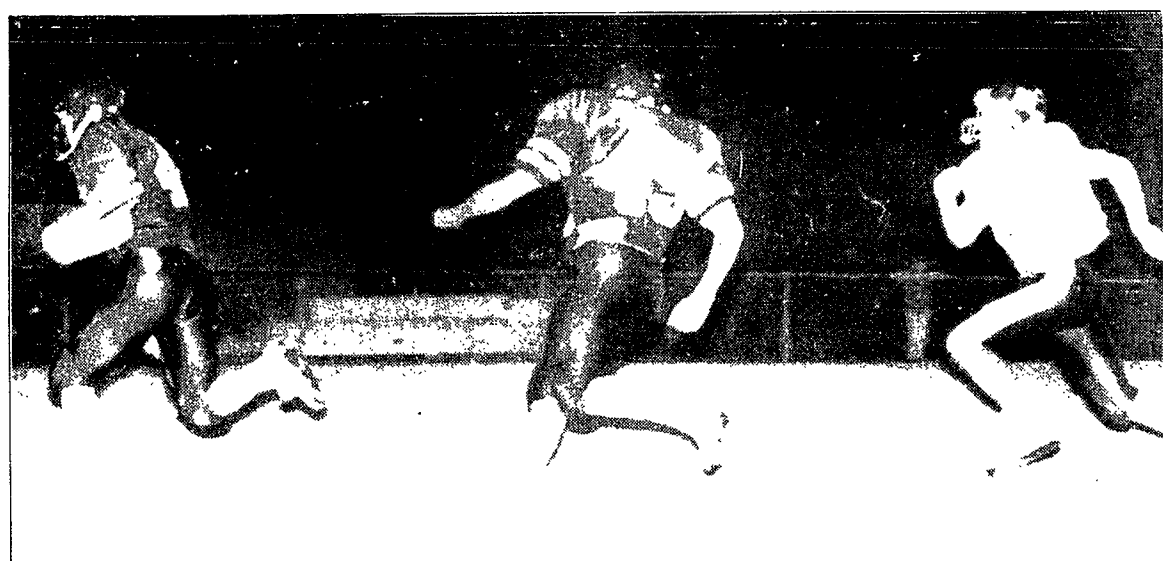

Lumpkin was good widening the score margin 33-0 at the half.

In the second half, the Devils managed to hold the Hawks forcing them to punt for the first time of the game.

A change of possession found the Hawks on Pearl River's 30 yard line with a third and ten. Quarterback Ladner hits running back Jerone Vince with a pass in the end zone for yet another Hancock score. The PAT was added by Lumpkin bringing the score to 40-0 with 30 seconds left in the third quarter.

The Blue Devils hit the score board with a twenty yard pass completion from quarterback Thaxton to receiver Dwayne Pullens. The PAT was no good bringing an end to the scoring at 40-6.

The Hawks had an outstanding effort from the defensive side with Richard Simmons making several key tackles, and Radley Ladner intercepting a pass late in the game.

Stolen pitchout

Hawk linebacker Dennis Malley (No. 42), heads for the goal as he stole a Blue Devil pitchout and receives blocking from Gabe Lumpkin, (No. 45), as Pearl River quarterback tries to catch the

elusive Malley. Sophomore Malley was credited with a 22 yard touchdown in the Hawks romp of the Blue Devils by a score of 40-6. (Photo by Keepsake Photography).

Rocks defeat Tigers 28-0

BY ELLIS CUEVAS

A seasoned St. Stanislaus Rock-A-Chaw squad opened home play with a 28-0 high school football victory over cross town rival Bay High Friday night before a packed house.

Stanislaus was leading 8-0 with only 18 seconds clicked off the clock as they scored on the kick-off.

The Tigers had won the toss and decided to be on the receiving end to begin the second half.

Jeff Bishop gathered the ball on about the Rock 15, faked a couple of hand-offs before giving the ball to speedy Mike Quinlan, who behind some good blocking, rambled to his left untouched for 85 yards to paydirt.

A two point conversion was added giving Stanislaus a very quick 8-0 edge.

The Rocks then kicked to the Tigers' Mike Sharp on the 13 who moved the ball to the 23.

With their turn with the ball, the young Tigers looked sharp as they played ball control and ground out four first downs, leaving only 1:56 in the first quarter before turning the ball over to the Rocks on the 15 yard line.

In the Tigers first series of plays, quarterback Charlie Mitchell mixed his plays with hand-offs to Scott Rogers, Jason Loiacano, Larrone Lewis, and Frank Penton, mixed with a pass to Rogers.

Rock head coach Ken Lyons was elated as the game ended and said, "I am well pleased with the second half play of the Rocks. We made some mistakes in the first half and came back and played a balanced game in the second."

"I thought Bay High was well prepared for us, and probably are two years away from having a very good team" Lyons added.

The second quarter's action was highlighted by the defensive play of both squads.

The offense of the Rocks and Tigers could only grind out one first down each in second quarter play.

Stanislaus kicked to the Tigers to open second half play with Sharp returning the ball to his 34 yard line.

The Tigers lost the momentum of the game on a fumble

with the first play from scrimmage in the third quarter that was recovered by the Rock's Ken Booker, giving SSC the ball on the Tigers 37.

The strength of junior running back Tate Thrifley began to show as he carried four

straight times after an incomplete pass to score.

In the four play series, Thrifley appeared to be almost unstoppable, bouncing off tacklers in picking up 15, 14, 4, and

The teddy bear is a Mississippian....

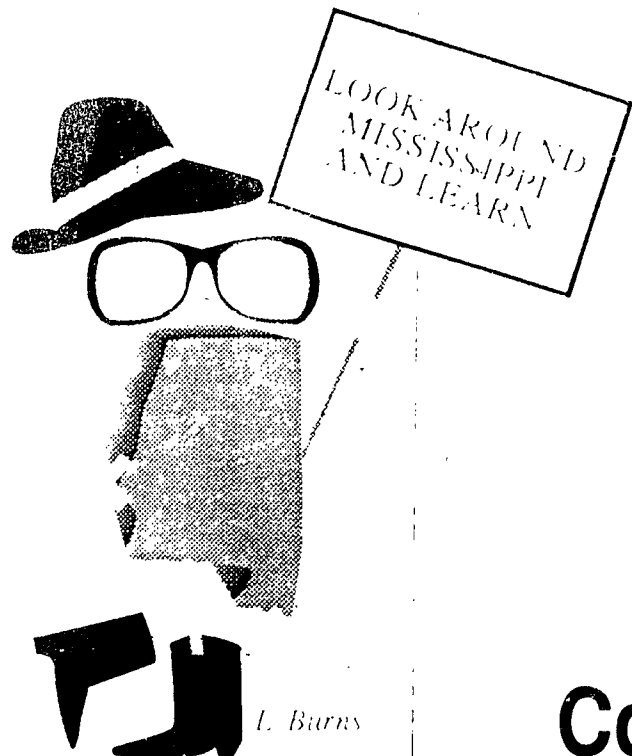

The world's favorite *toy* was born in Mississippi 88 years ago when the U.S. president was *Theodore "Teddy" Roosevelt*. He liked to hunt big animals.

In November 1902, the president arrived at Smede in Issaquena County and set up *camp* on the Little Sunflower River. Back then, Mississippi had many black *bears*, and that's what Roosevelt wanted to kill for a *trophy*. When he did not find a bear, several men tied one to a tree and told him to shoot it. "What sort of sport would that be?" Roosevelt roared. He would not kill it.

A *newspaper cartoon* of the event gave a New York shop owner the idea to make toy bears. Morris Mitchom called his stuffed toys "teddy bears" because of Roosevelt's kindness to the Mississippi animal. With *money* from selling the cute bears, Mitchom started the Ideal Toy Company.

Pirates sink North Forest 10-0

Special to the Echo
BY PATRICK MCKEE
The Pass Christian Pirates defeated the North Forest Eagles 10-0 Friday night.

An improved offense and an excellent job by the Pirate's

defense gave the team their first victory of the 1990 football season.

In the first quarter the Pirates scored on a touchdown pass by Tracey Watts to Burnell Dedeaux. Eldon Daniels made

the PAT to make it 7-0 in favor of the Pirates.

In the second quarter Daniels added a 32 yard field goal to make the score 10-0.

The numbers illustrate the Pirate's victory. The team had 15 first downs to the Eagles 9.

Total passing yardage was 125 yards to the Eagles 31.

The Pirate's only interception came when Watts handed off to halfback Boo Jenkins who then threw for a pass.

The Pirates completed 5 out of 10 passes while the Eagles completed 3 passes out of 8 attempts.

On rushing the statistics were more equal with the Pirates rushing for 119 yards to the Eagles total of 118.

The Pirates fumbled only once during the game, but they were able to recover without a loss of yardage. The Eagles fumbled five times, losing a total of five yards.

Five penalties for a loss of 30 yards were assessed to the Pirates while the Eagles were penalized three times for a loss of 35 yards.

Pirate coach Joseph Brown, pleased with his team's effort, said, "All the kids played well. The offensive line did a much better job."

Brown praised the efforts of linemen Thad Williams, Donald Knight, Stephen Dedeaux, Delton Lizana and Steve Biggs.

Brown also singled out the efforts of Boo Jenkins and Charles Lizana in the secondary, as well as Jimmy Crawford and Willie Washington. He also mentioned that Jerome Malley did a fine job of running the ball.

"North Forest has got a good football team," assistant coach Glenn Massengale said. "They've got a winning team."

He also praised the Eagle's head coach, Alton Washington. Washington has led the Eagles into the playoffs for the last few years.

"The Eagles has a good football tradition," he added.

Massengale pointed out that the Pirate's defense has done an

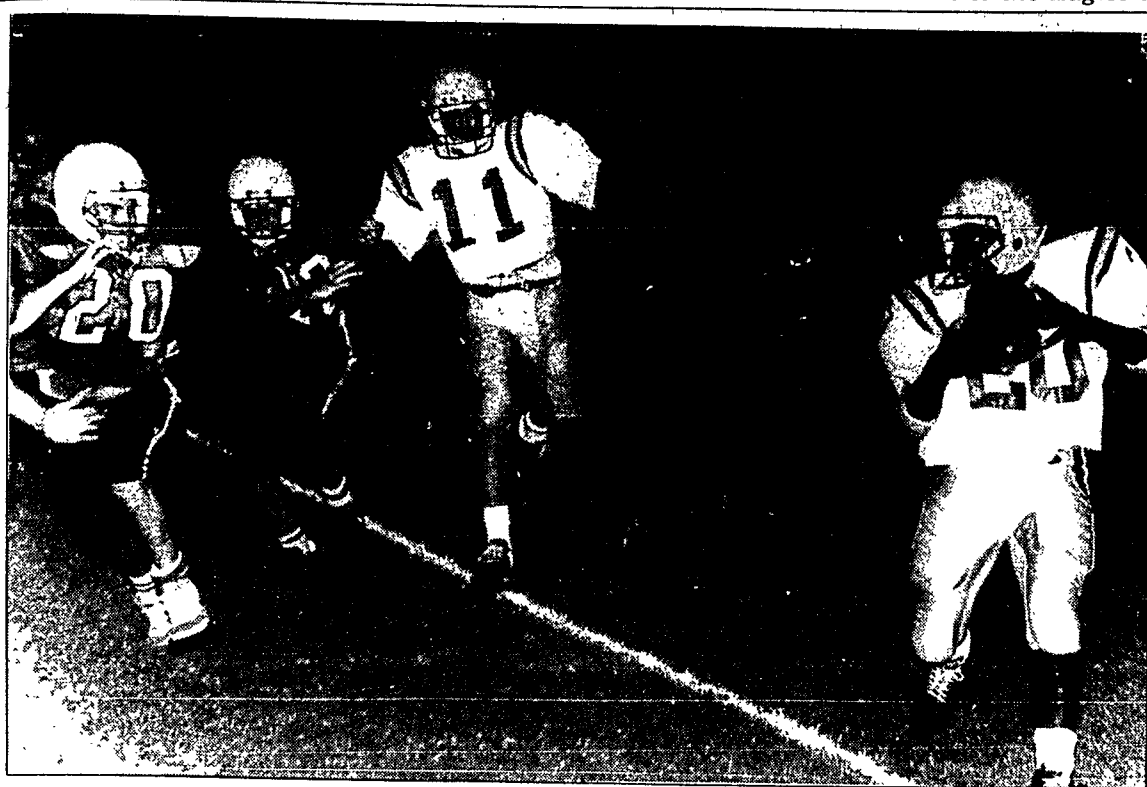

outstanding job in the first two games of the season. The defense has kept the opposite teams from scoring in all eight quarters. (St. Stanislaus scored their points against the Pirates in three overtimes.)

"The whole defense deserves credit," he said.

Coach Brown agreed. "The guys did a terrific job. We need to keep in the direction we are going. The kids' attitude is improving."

When asked how the ride home from North Forest was, the coach summed it up in one word, "pleasant".

Pass Christian will host Sumrall Friday.

Ball control

Larrone Lewis, (No. 20), takes a pitch back from 12, of St. Stanislaus close in to stop the play. Bay High quarterback Charlie Mitchell, (No. 11), and cuts around left end for a short gain as entire first quarter. (Echo staff photo by Randy Tory Lowe, (No. 20), and Mike Quinlan, (No. Ponder)

4 yards to cross the goal line. The PAT by 135 pound Bubba O'Brien gave the Rock's a 15-0 edge with 9:37 left in the third quarter.

Stanislaus' defense tightened as the Tigers could not move the ball and Mitchell, who did double duty as quarterback and punter, boomed one to the Rocks 42.

It took Stanislaus only seven plays before Thriffley rambled 8 yards to score giving SSC at 21-0 lead with 3:43 left in the third quarter.

Rock quarterback Bill Dreher completed two passes in the long drive, a short one to Booker and 41 yarder to Mike Lee.

Robbie Bourgeois kicked off to Bay High and they began to move the ball in a series of plays which included a 31 yard pass from Mitchell to Thomas Brink. Two plays later the Tigers were stopped on their own 47 with a fumble recovery by Robbie Bergeron as the third quarter ended.

Stanislaus continued to show their strength as Thriffley ran inside and Lee outside to the Tiger 10 setting up the final scoring of the night.

Booker rambled in on a 10 yard sweep for a score and a

PAT gave the Rocks a 28-0 edge.

On the kick-off, Scharp got another good return for Bay High moving the ball to their own 43.

The offense picked up a first down before being overpowered by the Rock defense and ended up turning the ball over to Stanislaus on their own 37.

Sophomore Kris Minchew was able to move the ball to the 11 yard line. The next play saw the game end as Stanislaus threatened to score once again.

Lyons, who is in his fourth year at SSC, reports this is the best all-around squad on both offense and defense he has had at Stanislaus. The only area of real concern for Coach Lyons is the need for some improvements in his team's passing game.

After the game, an obviously disappointed Tiger head coach Rocky Gaudin said, "St. Stanislaus deserved all the credit as they started out quick. We played good in the first half but laid down a little after the Rocks scored in the second half. We are young and will get better."

Both Bay High and St. Stanislaus will have games away next Friday.

Stanislaus now 2-0 for the season will journey next week to play East Central and Bay High 0-2 will visit Pearl River Central.

Public invited to book discussion

The Great Books Discussion group will resume its meetings on Thursday, Sept. 13 at the Bay St. Louis library.

They will review the ten selections already discussed. New participants are invited for

this first meeting of the fall season.

The meetings, beginning at 7 p.m., will be in the meeting room at the rear of the building. For further information, call Richard McCollough at 467-6333.

CLUBS, AUXILIARIES

Gulf Coast Orchid Society

The September meeting of the Gulf Coast Orchid Society will be Sunday, Sept. 9 at 2:30 p.m. at Gulf Coast Community Hospital.

Some orchids do not grow well in conventional pots and would rather be mounted. The program will identify those orchids that grow best on slabs, and a demonstration on mounting orchids on cork, slabs, wood, etc. will be given by Robert Stanton. A discussion on slabbing and the care of orchids mounted this way will complete the program.

Meetings of GCOS are open to anyone interested in growing orchids, and guests are encouraged to attend. Call Mrs. Zuleeg, president, at 875-1175 for more information.

Hancock Women's Club

The Hancock Women's Club will meet at 10:30 a.m. Thursday, Sept. 13 at the Waveland Library. Eve McDonald, director of the Hancock County Senior Citizens, will be guest speaker.

Members are reminded to bring staple food items to the meeting for donation to the Hancock County Food Pantry.

Medical Assistants

Members and guests of Coast Counties Medical Assistants received information on "A Living Will" as determined by the statutes of the state of Mississippi at their Aug. 16 meeting which has held at Quincy's in Gulfport.

Attorney J. Stephen McDonald from the law firm of Stennis & McDonald in Gulfport, was guest speaker. McDonald, a native of Lexington, Ky., is a graduate of the University of Kentucky and received his JD from the University of Mississippi.

The business meeting followed McDonald's presentation at which time the annual style show was discussed as well as plans for a raffle and membership social to be held in October.

The style show will be Sept. 20 at Garden Park Hospital's Dining Garden and will be in lieu of the monthly meeting. Details will be announced in the near future.

Extension Homemaker Clubs

Extension Homemaker Clubs are for all who are interested in improving home and community life. Requirements for membership are that you are interested in keeping up to date in homemaking information and that you are willing to share with others the responsibilities of making the club a success.

What does the EHC membership offer? As a member of an Extension Homemaker Club, you may participate in educational programs designed to help you better care for your family and home.

Topics you will be learning about include: food and nutrition, physical well-being, citizenship, managing the family income, furnishing your home, appreciation of cultural arts, selection and care of clothing, family roles, relationships and responsibilities, community involvement, international understanding, alternatives in housing and leadership skills.

Club groups usually have 10 to 20 members. Members may participate in leader training classes, teach lessons, take part in discussions, plan and participate in recreation, and help with community projects.

There are county, district, state, and national programs in which EHC members may participate. More than 14,000 people in Mississippi are a part of this educational program sponsored by the Mississippi Cooperative Extension Service.

Currently, there are five clubs in Hancock County. What does it cost? The Extension Homemakers Club usually has a small fee for each member which is paid for individual membership in the county, the Mississippi and the National Extension Homemakers Council. Some clubs have a small fee for operation.

For more information contact the Hancock County Extension Service Office, 735-A Dunbar Avenue, Bay St. Louis, 467-5456.

Welcome to Hancock County

Hospitality Day at Welcome Center beckons visitors to Bay St. Louis

The second Bay St. Louis Hospitality Day at the Hancock County Welcome Center encouraged many travelers to take the scenic route and stop for a visit in Bay St. Louis August 25.

Volunteers greeted visitors to the Welcome Center with maps and brochures of the city and its historic downtown.

Rick Hargrove of the Toy Train Shop displayed a working toy train to the delight of hundreds of

children.

Screendoor Graphics owner Candy Strahan displayed commemorative T-shirts of Bay St. Louis events to encourage repeat visitors.

Local artist Zita Waller displayed several of her paintings to represent Bay St. Louis artists.

"The two days spent at the Welcome Center have produced a measurable increase in business downtown and in the number of people touring the city. The

pilot program has worked so well that a Bay St. Louis Tourism Commission is being formed," announced Mayor Edward Favre.

Volunteers for Hospitality Day II included Patt Cuculu, chairman; Janet Aime, representing the City of Bay St. Louis; Dr. Larry Heller, president, Hancock County Historical Society; Dottie Overall, Hazel Breland, Zita Waller, Charles Gray, Millie Brodtmann and Kay Ward.

Southern hospitality

The soft drinks and conversation flowed last week as the Hancock County Welcome Center celebrated its 10th anniversary. Local folks as well as travelers from across the United States enjoyed several exhibits and displays of craftwork, along with cake and fried chicken. Above, welcome center worker Bobbie Hawthorne and Pass Christian Mayor Theodore Lawyer chat, while below, RSVP director Joanne LaGasse and volunteers Lucille Witter, Jennie Ortis and Betty Necaie, secretary, pause from their cake serving to smile for the camera. In the upper left photo, artist Carl Baldenhofer, right, and members of his art class pose with some of their paintings. From left are Rose Erichsen, Camille Fichter, Dot Feaheny, Pat Garcia, Lola Mullinix, Ana Bott and Jennie Ortis. In the lower left photo, Helen Currie Caire of Pass Christian spins while Florence Duffie of Bay St. Louis weaves. Both are members of the Dyed in the Wool Weavers and Spinners Guild in Pass Christian. (Echo staff photos by Traci Bonney)

Native gold work featured in Waveland Library exhibit

The "Gold of El Dorado," a photographic display that highlights the beauty and allure of native goldwork in the pre-Conquest America, is on display at the Waveland Library now through Oct. 17.

This exhibit was brought to Mississippi by the Columbus Quincentenary Committee as part of the celebration commemorating Columbus' first journey to the Americas.

The official celebration will take place in Mississippi and the nation in 1992, which will mark 500 years of European-American contact.

The exhibit features 10 panels of color and black-and-

white photographs with Spanish and English captions.

Developed by the Texas Humanities Resource Center in Austin, Texas, the exhibit tells a visually entrancing story of native customs and craftsmanship in Colombia before the coming of the Europeans and the Spanish search for gold in the New World.

The exhibit's centerpiece is a color photograph of Lake Guatavita, where the ceremony of El Dorado took place.

According to legend, when a new chieftain was named, he floated on a gold-covered raft

down the center of the lake, while everyone threw offerings of gold into the waters. Other panels reveal gold-working techniques and burial customs.

The "Gold of El Dorado" has been made possible by a grant to the Columbus Quincentenary Committee by the Mississippi Humanities Council and is also being sponsored by the Department of Archives and History.

The exhibit is part of a traveling exhibits program sponsored by the State Historical Museum. More information on the exhibit is available by calling 359-6920 or the Waveland Library at 467-9240.

'Gold of El Dorado'

A photographic display highlighting the beauty of native goldwork in pre-Conquest America is on exhibit at the Waveland Public Library now through Oct. 17. The exhibit is sponsored by the Columbus Quincentenary Committee, the Mississippi Department of Archives and History and the State Historical Museum.

WEDDINGS, ENGAGEMENTS

Artigues-Gex

The marriage of Miss Nancy Hamilton Gex, daughter of Mr. and Mrs. Lucien Marion Gex Jr., of Waveland and Ronald Joseph Artigues Jr., son of Mr. and Mrs. Ronald J. Artigues of Bay St. Louis, was solemnized on the evening of August 4 at Our Lady of the Gulf Church in Bay St. Louis.

The Reverend Gilbert Walker, CM of Holy Trinity Catholic Church, Dallas, Texas, officiated.

The bride, escorted by her father, wore a gown of ivory silk and Brussels lace embroidered with pearls, with a veil of ivory illusion attached to a matching lace and pearl headpiece. She carried a bouquet of roses, freesia, stephanotis and fern in an heirloom background of ivory satin leaves and sprays of pearls.

Mrs. Mark Palmer of New Orleans, sister of the bride, was matron of honor. Mrs. Chris Frederickson of Houston, Texas, sister of the bride, Karen Duplex of Washington, D.C., Fran Heller, also of Washington, Melissa Kersanac of Baton Rouge, La. and Mrs. Tim Kirkpatrick of Alexandria, La. were bridesmaids.

Miss Ashley Artigues, sister of the groom, was junior bridesmaid. They wore dresses of champagne lace and carried pink floribunda roses, baby's breath and fern in silver bouquet holders.

Ronald J. Artigues was his son's best man. Groomsmen were Jay Artigues, brother of the groom; Lucien Gex III, brother of the bride; Trey Cefelu of Tuscon, Ariz.; Jim Hamlet of Tuscaloosa, Ala.; Tim Kirkpatrick of Alexandria, La.; and Chris Geroux of Bay St. Louis.

Chris Frederickson of Houston, Texas and Mark Palmer of New Orleans were ushers.

Mrs. John McKenna was the organist and Miss Sally Cappus and Keith Ballard of Gulfport sang preceding and during the ceremony. Corry Gex, cousin of the bride, was altar boy.

Following a reception at the home of Mr. and Mrs. Charles Dickinson in Bay St. Louis, the couple took a wedding trip to the Virgin Islands. They will reside in New Orleans.

MRS. RONALD ARTIGUES JR.

Vincent-Wittmann

St. Paul Catholic Church in Pass Christian was the setting for the August 4 wedding of Kristina Lee Wittmann of Pass Christian and James Christopher Vincent of Wilmington, N.C. Monsignor Ron Herzog officiated at the Nuptial Mass.

MR. AND MRS. JAMES VINCENT

The bride is the daughter of Mr. and Mrs. Kenneth C. Wittmann Sr. of Pass Christian. The groom is the son of Tony Vincent of Jackson and the late Jessie Vincent.

Nuptial music was provided by organist Elizabeth Skinner and soloist Tina Pavolini.

Given in marriage by her father, the bride wore a light ivory gown of silk taffeta re-embroidered with appliques of deeper ivory Alencon lace, outlined with pearls and iridescents. The bodice featured a scalloped neckline, long tapered sleeves, shoulder puffs, lace cutouts and beadwork. The dropped basque waist and back bow, accented with rosettes and pearl sprays, flowed into a cathedral train.

The floor-length veil of silk illusion was held by a cluster of silk roses, pearl sprays and brilliants.

The bride carried a bouquet of bridal roses, stephanotis, baby's breath and fern, and wore the pearls worn by her mother on her wedding day.

Kimberly Hill Wittmann served as maid of honor.

Bridesmaids were Monica Wittmann, Vicki Bishop, Shelly Marrow, Theresa St. Mary and Michelle Funderburg.

The attendants wore identical two-piece ensembles of deep jade moire taffeta with long sleeves and straight skirts. They carried Victorian bouquets of mixed dried flowers, silk roses, antique lace and pearl sprays tied with long ivory satin streamers.

Katie Vincent and Jessica McNally were flower girls. Justin Villerreal was the ring bearer, and Nicole Vincent presented the gifts at the Mass.

The flower girls wore handmade ivory batiste and ecru lace dresses with short puffed sleeves and scalloped collars and hemlines. They carried wicker baskets of dried flowers and lace and wore wreaths of flowers and lace in their hair.

Jon Vincent was best man. Ushers were Kerry Wittmann and Milton Bryan. Groomsmen were Casey Wittmann, David Vincent, Edward Lockhart, Mark Necaise and Kyle Wittmann.

The bride's mother chose for the occasion an ankle-length dress of heavy linen in deep turquoise with short sleeves and a scalloped cutwork hemline.

A reception followed the ceremony at the Crystal Ballroom of the Markham Building in Gulfport.

After a honeymoon trip to Cancun, Mexico, the couple made their residence in Wilmington, where the groom is in business and the bride is a junior majoring in elementary education at the University of North Carolina-Wilmington.

Prenuptial Parties

A round of parties and showers were given, including a brunch for the bridesmaids, hosted by Mr. and Mrs. Frank Wittmann III on the eve of the wedding.

A rehearsal dinner was held by the Jon Vincents for the family, bridal party and out-of-town guests at Chappy's Seafood Restaurant the night before the wedding.

GLT extends 'Driving Miss Daisy'

Due to the overwhelming response to the Gulf Coast premiere of "Driving Miss Daisy," the Gulfport Little Theatre has added three more performances; Friday, Sept. 14 at 8 p.m., Sept. 15 at 9 p.m. and a

Sunday matinee at 2 p.m.

Reservations are necessary for this United Way fundraiser. Call the box office at 864-7983 between 11 a.m. and 2 p.m. or after 5 p.m. to get a ticket.

Eakins- Necaise

Sandy Sherrell Necaise and John David Eakins exchanged wedding vows in an afternoon ceremony July 28 at St. Matthew the Apostle Catholic Church in White Cypress.

The bride is the daughter of Sherman and Jackie Necaise of Pass Christian. The groom's parents are John Eakins of Pass Christian and Darlene Mixon of Amite, La.

Nuptial music was provided by organist Paula Faye.

Petrina Necaise was honor attendant.

Bridesmaids were Roslyn Ladner, Christy Funk, Natalie Ladner, Stephanie Boehnel and Sonya Lee.

Megan Marisco was flower girl.

Best man was Shane Martin. Groomsmen included Randy Necaise, Byron Peterson, Jeffrey Moran, Kevin Murphy and Wayne Eakins.

A reception followed the ceremony at the American Legion

Hall on Highway 603.

The couple resides in Pass Christian.

Prior to the wedding, a bridal shower was hosted by Evelyn Hoda and bridesmaids.

WEDDINGS, ENGAGEMENTS

Hoda-Ladner

St. Matthew the Apostle Catholic Church in White Cypress was the setting for the recent marriage of Freda Lynn Ladner and Desmond Wayne Hoda, both of Pass Christian. The Reverend Ivan Weiss officiated.

The bride is the daughter of Mr. and Mrs. Clifton J. Ladner of Pass Christian. The groom's

MR. AND MRS. DESMOND HODA

parents are Mr. and Mrs. Charles J. Hoda, also of Pass Christian.

Musical selections were presented by organist Paula Necaie, pianist Andy Jones and soloist Melinda Spence.

Given in marriage by her father, the bride chose a formal gown of white satin with open sweetheart neckline and short tulip sleeves. The fitted basque bodice was appliqued with jeweled silk floss and venise laces embroidered with seed pearls. Cascades of pearls and bugle beads graced the bodice and sleeves.

The gently flared skirt featured beaded lace appliques together with hand-clipped European laces. The low, open back featured a butterfly bow at the back waist and a scalloped lace border formed the hemline and encircled the cathedral train. She wore a headband of scalloped bugle beads and pearls with attached waist-length veil of illusion.

Deanna Tynes attended the bride as maid of honor.

Bridesmaids were Desiree Ladner, Natalie Ladner, Jolene Ladner, LaShea Ladner, Shauna Ladner and Tasha Hoda.

LaKrisha Dedeaux was flower girl and Justin Ladner served as ring bearer.

Offertory gift bearers were LaShunda Ladner, Kristin Ladner, Jessica Hoda and Brandy Ladner.

Readings from scripture were rendered by Arlette Ladner and Ginger Roney.

Casey Hoda served the groom as best man.

Groomsmen were Stanley Jordan, Brian Necaie, Daryl Lacoste, Cedric Ladner, Mike Entekin and Bennie Ladner Jr.

Neal Ladner and Brad Ladner were ushers.

A reception followed the ceremony at the Hancock County Civic Center.

The couple resides in Marietta, Ga., where the groom attends chiropractic college.

McGrew-Necaie

Mr. and Mrs. Willie Lawrence Necaie Jr. of Dubuison community announce the engagement and approaching marriage of their daughter, Tangela Denise Necaie, to Franklin McGrew, son of Dan McGrew of Gulfport and Sheila McGrew of Jackson, Miss.

The bride-elect is a graduate of Hancock North Central High School and attended Phoenix College. She is employed with Mississippi Fuel Center.

The prospective groom is a graduate of Harrison Central High School. He attended Jefferson Davis Community College and is enlisted in the United States Navy.

The couple will exchange wedding vows September 29 in a 2 p.m. ceremony at Old Dedeaux School in Pass Christian. A reception will follow at 3 p.m. Family and friends are invited to attend.

Wilkerson, Burns attend Legion Auxiliary convention

Lou Wilkerson of Bay St. Louis and Evelyn Burns of Waveland attended the 70th annual American Legion Auxiliary National Convention held for the first time in its headquarters city, Indianapolis, Ind., Aug. 27-30.

RAE ANNE RYAN

Ryan named to travel advisory board

Rae Anne Ryan, recently promoted to general manager of Carlson Travel Network/Hancock Travel Affiliates, has been selected to serve on a national advisory board.

Ryan is one of 12 members on the Carlson Travel Network National Advisory Board of Retail Travel Company Affiliates. The board of agency owners and managers met at Carlson Companies Inc. headquarters in Minneapolis, Minn. to discuss plans for 1991.

Hancock Travel Affiliates joined forces in 1989 with the 1,700-member network, which has more than \$8 billion in annual sales.

As general manager of Carlson Travel Network/Hancock Travel Affiliates, Ryan heads a 25-year-old agency with five offices along the Mississippi Gulf Coast, as well as "Cruises Only" and a groups/meeting department.

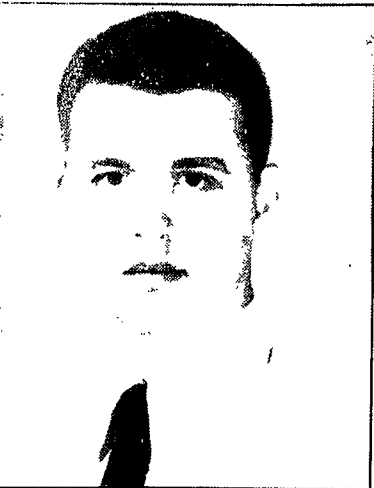

Bourg named to 'Who's Who' Hall of Fame

Chuck Lambert, chairman of the advisory board of Who's Who in Mississippi, announced recently Who's Who in Mississippi honorees will be inducted into the Who's Who in Mississippi Hall of Fame.

The Hall of Fame consists of the top five honorees from each of the fields of arts, business and industry, education, law, medicine, public service/politics and religion.

Lambert explained Hall of Fame honorees are chosen annually from all honorees based on the degree and significance of their personal contribution to making Mississippi such a wonderful place to live and play. Particular significance is placed on a candidate's personal activities and contributions outside his own personal profession or field of endeavor.

In the field of Public Service/Politics, Hilda Levy Bourg of Bay St. Louis was selected.

AIRMAN TANOS

Air Force Senior Airman Scott C. Tanos, son of Emory F. Tanos of Jacksonville, Fla., and Rose M. Smith of Pass Christian, has been named airman of the quarter.

Tanos is a ground radio communications specialist with the 1962nd Communications Group in Japan.

The selection was based on the individual's exemplary duty performance, job knowledge, leadership qualities, significant self-improvement and other accomplishments.

They were among 2,000 delegates or alternates elected to attend the convention of the world's largest patriotic women's service organization.

Highlights of the convention included an address by Vice President Dan Quayle, greetings by Indiana Governor Evan Bayh and Indianapolis Mayor William H. Hudnut III, and the presentation of the Auxiliary Woman of the Year Award to Mrs. Marilyn Tucker Quayle. In addition to her full-time

duties as the wife of the vice president, Mrs. Quayle is an attorney and a member of the Indiana Bar, and is a member of the Federal Energy Management Agency Advisory Board. She has traveled all over the world in her work for disaster relief and economic development programs.

Proceedings opened with a memorial service and full-dress parade honoring the nation's war veterans and closed with a gala anniversary celebration commemorating the organiza-

tion's 70 years of service to God and Country.

The Auxiliary is a one million-member organization founded in 1920 to support the work of The American Legion and now provides for the well-being of the nation's nearly one million living American veterans, their families and youth through a number of fund-raising and volunteer programs.

Dedicated to service and charitable work, auxiliary

members contributed \$12.4 million and 10.6 million hours of volunteer service during the 1989-1990 administrative year.
